Sub: SCHOLARSHIPS OFFERED BY COMMONWEALTH OF LEARNING FOR UNEMPLOYED / FINAL YEAR STUDENTS TO JOIN VARIOUS JOB ORIENTED COURSES/ TRAINING PROGRAMS OFFERED BY GOOGLE

Dear Sir / Madam   Hyderabad
Greetings   20 Sept 2021

Commonwealth of Learning (CoL), Vancouver, Canada is offering scholarships to young unemployed graduates (including the students who are in final year) to join into various employable courses / JOB ORIENTED TRAINING programs (as part of skill development) offered online by Google (FIVE specialised programs). This activity is planned and executed by CoL as part of SKILL DEVELOPMENT for the unemployed and prospective employees. You may please ask your office to send the details of students based on their interest and choice.

If a student directly joins these programs, they may have to pay huge amounts as fee, and CoL is facilitating the students to join these programs as part of their effort to develop the skills among unemployed and the fees is paid by them as part of scholarship program (i.e. fee will be taken care by the CoL) to selected candidates. *Limited number of scholarships are offered by CoL FOR GOOGLE TRAINING PROGRAMS.*

The Google had designed five specialised employment-oriented programs for learners. They are:
a. Professional Certificate in Google Data Analytics.
b. Professional Certificate in Google Project Management.
c. Professional Certificate in Google UX Design.
d. Professional Certificate in Google IT Support
e. Professional Certificate in Google IT Automation with Python.

The admitted participants must complete the certificate on or before 30 March 2022. Learning programs are accessible for 24X7 and anyone can use any number of hours on a single day. Once the candidate completes, one training program, they can pick up the second specialized certificate program. These job ready skills make them eligible for employment both in India and other countries. Many IT jobs are being advertised during this period and Google training programs are more in demand. **The students / unemployed graduates can choose their choice of courses (after admission is given by CoL) but have to complete the same on or before 30 March 2022. The program includes, learning, completing the assignments and appearing for examination, (wherever applicable) and then get certificate from Google.**

The trainee can learn from videos, text, and submit online assignments at his /her convenient time (24X7) and complete by 30 Mar 2022,

The learners are expected to have the following:
1. ENGLISH- Minimum requirement is English knowledge as the online programs are offered in English
2. Passion and commitment to learn and complete the program on or before 30 Mar 2022,
 I request you to ask your staff to fill the details of each learner in Excel format with the

details and send the same to my email id. ***Please recommend only the students who are serious of completing the programs.*** The students can also send their details directly to my mail id given below:

nlrao1948@gmail.com

The following detail of each student is required.

(Full Name; email; Gender (M/F/O); Disabled (Y/N); Form of disability (Physical/Visual/Speech/Hearing/Others); Phone number with country code; Scholarship
Selected google programs Certification selected

As the programs shall start from 1 October 2021, may I request you to please send the list for forward transmission to CoL. PLEASE ENCOURAGE WOMEN AND DISABLED TO JOIN INTO THIS TRAINING. The number of scholarships are limited, and the admission is first come first serve. Please encourage only candidates who are really serious of completing these training programs.

Once again, I request you to ask your staff to fill the details of students who are serious to complete the Google certified programs in Excel format with the details of the prospective trainees and send the same at the earliest to my email id:

nlrao1948@gmail.com
